**INEOS Team UK, the challenger yacht Britannia and the Barcelona experience in the Americas Cup Campaign 2024**

We are delighted to announce that we have, *'an audience with'* the CCO/CMO of the British Americas Cup Team 2024.

Jo will be answering a host of questions from an insider's perspective, about the boat, the team, the challengers and of course, the Americas Cup campaign.

As a member of the INEOS senior management team, Jo played a significant role, working with Sir Ben Ainslie to plan, prepare and deliver the challenge in Barcelona.

This is a unique opportunity to listen to her story and ask some of those pressing questions that you just can't get to the bottom of from reading a news article!

Bar opens at 6pm. No tickets required. Free Entry.
